Wendover Air Force Base
847th Squadron Operations
Bldg. (Alert Bldg. Addition)
(Building No. 844)
HABS No. UT-125-V
Page 1

This is one of several administration buildings. Built in 1943, this T-shaped structure is essentially identical to buildings #807, #819, and #830. Like the other office buildings situated between the hangars along the anchorage apron, this was built from plan 700-5201. The 3200 square foot building was built for \$4600.00 by Hart and Blanchard Construction Company, with the Alert addition built by H & D.

The easternmost of the operations buildings, #844 is dimensionally and architecturally identical to the others. This structure measures 20 feet-6 inches by 100 feet-8 inches and 20 feet-6 inches by 59 feet-8 inches. The description of #807 may be consulted for details of this structure as well. Building 844 is in poor repair but is apparently sound structurally. The north wall of the north wing has been modified by the installation of a large garage door.
